

BAPUGOUDA BIRADAR

Java Full Stack Developer

Bangalore, Karnataka | 09535801502 | bapugoudabiradar95@gmail.com

GitHub: github.com/BapuGouda95

PROFESSIONAL SUMMARY

BCA graduate pursuing a Java Full Stack Development certification, with a solid foundation in Java, Spring Boot, web development, and MySQL database management. Built two full-stack projects: a Spring Boot e-commerce application with JWT authentication and REST APIs, and a Django quiz application. Comfortable across the full development cycle, from HTML/CSS/JavaScript frontend to backend logic and database integration. Certified in Artificial Intelligence fundamentals. Seeking an entry-level Java Full Stack Developer role.

TECHNICAL SKILLS

Programming Languages: Java

Backend: Spring Boot, Spring Data JPA, Spring Security, REST APIs, JWT, Django

Frontend: HTML, CSS, JavaScript

Database: MySQL, SQL

Tools: Git, GitHub, Maven, VS Code

Core Concepts: OOPs (Object-Oriented Programming), Web Application Development, Debugging, Problem Solving

PROJECTS

ShopSphere - Java Full-Stack E-Commerce Application

Technologies: Java 17, Spring Boot, Spring Security, JWT, Spring Data JPA, MySQL, Maven, HTML, CSS, JavaScript

- Built a full-stack e-commerce application with a Spring Boot REST API backend, MySQL database, and a responsive HTML/CSS/JavaScript frontend.
- Implemented user registration and login using JWT authentication, BCrypt password hashing, and role-based access control (USER/ADMIN).
- Developed REST APIs for product management (admin-only create, update, delete), product search, and category filtering.
- Implemented order processing with stock validation, automatic stock deduction, customer order history, and admin order status updates.
- Added global validation and error handling; built a shopping cart in the frontend using browser localStorage.
- GitHub: github.com/BapuGouda95/ecommerce-java-fullstack

Online Quiz Web Application

Technologies: Django, HTML, CSS, JavaScript, MySQL

- Built a full-stack web-based quiz application from scratch, handling both frontend UI and backend logic.
- Designed responsive, user-friendly interfaces using HTML and CSS to guide users through the quiz flow.
- Implemented quiz question delivery, answer capture, automated scoring, and results display in Django.
- Designed and managed the MySQL database schema to store questions, user responses, and scores.
- Tested the application end-to-end, identifying and resolving functional bugs.

EDUCATION

Bachelor of Computer Applications (BCA)

Mangalore University | Aggregate: 70%

2025

CERTIFICATIONS

- Certificate in Artificial Intelligence
- Java Full Stack Development Certification - In Progress

CORE STRENGTHS

Problem Solving, Quick Learning, Team Collaboration, Logical Thinking, Adaptability, Willingness to Learn New Technologies
